<b>REMARKS:</b> He has received a cable from a Britisher asking whether or not the State Dept. is going to take over our property in Cyprus, thus avoiding the tax, and recommending speedy action at a high level if this is to be done. Apparently the Foreign Office is eager to have the question settled. White would like to reply to the man who cabled him today, and I told him you'd call. <i>24. TULF FIBO King of tomorrow mlb</i>
